

# Education - Taxation Of High Interest To All Californians

"Operation Education" is the current program launched by a few Monroviaans who are either members of, or are sympathetic to, the present liberal oriented so-called Alliance for a Better Community, alias Citizens Advisory Committee, alias Monroviaans for Education. "Operation Education" appears to be this year's substitute for last year's "Operation Brainwash," organized for the purpose of selling fiscal irresponsibility in education to more than 13,000 registered voters in Monrovia.

Tax overrides of \$1 and 82 cents, respectively, have been defeated by the citizens of Monrovia within the past two years. The hue and cry of the present Superintendent is and has always been that he needs more money to operate the Monrovia school system. Yet, when we take time to check the record, we uncover evidence to substantiate a reluctance on the part of local parents and taxpayers to succumb to the Superintendent's wails of poverty and unmet needs.

Prior to the defeat of the \$1 tax override in 1962, it was the desire of the then existing school board and present Superintendent to attempt to justify the need for additional taxation. The services of Odell MacConnell Associates were obtained at a cost to the taxpayers of \$5,500 and a written report in three volumes was prepared and submitted to the board. This report informed the school board trustees that the Superintendent needed \$3,454,000 to successfully operate it in 1962-63 and \$3,542,342 to successfully operate it in 1963-64. These amounts included summer school and bus transportation for both years.

Following the defeat of the \$1 tax override, the Citizens Advisory Committee was picked by the then existing school board and on Dec. 19, 1962, this Committee issued its written "Report" of the financial needs of the Monrovia public schools. This report indicated that the Superintendent needed \$3,437,000 for 1962-63 and \$3,625,000 for 1963-64. These amounts also included summer school and bus transportation for both years.

Now let us see how many taxpayer dollars the Superintendent actually had at his disposal to spend in the years 1962-63 and 1963-64. According to the Los Angeles County Superintendent of Finance, the Monrovia Superintendent had \$3,566,687 to spend in 1962-63 and has \$3,712,800 to spend in 1963-64.

In other words, the Superintendent actually had \$112,687 more in 1962-63 and \$170,458 more in 1963-64 than Odell MacConnell Associates indicated he needed. The Superintendent actually had \$129,687 more in 1962-63 and \$87,800 more in 1963-64 than the Citizens Advisory Committee Report indicated he needed. Yet, the children of Monrovia have been denied summer school for the year 1962-63, and both summer school and bus transportation for the year 1963-64. Why? Because the Superintendent has apparently seen fit to overspend the money in other categories.

According to the results of a poll published in the Jan. 14, 1964, edition of the Daily News-Post, 84% of the local residents responding, desired summer school and 63% desired transportation for their children. In the last six school board sessions of fiscal 1963, the members of the lame duck board authorized over \$169,000 in purchase orders. This represented money already spent by the Superintendent. This pattern followed the one set the previous year in which \$107,000 was authorized by this same board.

The first Public Hearing in eight for the evening, was the Assessment Hearing for Sewer District No. 81. Ten letters of objection were presented and more or less of that number in person also had the same objection.

This district was unique in the fact that out of the total footage city owned property consisted of 459 feet in front footage, and heretofore the City had a policy of not allowing itself to become assessed for improvements such as this, as there was very little, if any, advantage to them. Also the fact that due to short and long depth of the lots it was necessary to figure the cost assessment of \$38,940.23 on the basis of square feet instead of front footage, and although the estimate front footage cost was \$7.25 per front foot plus \$200.00 per lateral, the bid for construction was some 20 per cent lower than the engineers estimate but was still \$8.40 per front foot.

Due to the anticipated Civic Center the Council felt that they should make a dollar contribution to the district and that they take the area of 170 feet by 200 depth as their portion and voted to allow a dollar contribution of \$1850 plus cost of spreading the new assessment. This was a reduction of approximately 5 to 6 per cent and satisfactory to the objectors. Putting their assessment down from \$4.59 a square foot to \$4.32 per square foot.

CARROT TOP By R. Robert Evans

Now we have an Income Property Owners Association, and this is certainly a great big stride forward for this group.

For so many years they have been one of the groups that have provided a great deal of the tax for the community, providing homes for the hundreds that would not be Sierra Madreans, unless these people invested their capital into the beautiful apartment houses they maintain.

As we understand it they will stand as a group against any aggression that may try to take an unfair advantage of either one or all . . . we are pleased to see this formation.

According to reports the Rumford Act has now qualified for the November ballot. At least two additional controversial initiative measures, the so called state educational lottery and the measure to repeal legislation permitting "Pay TV" to operate in California, will probably be qualified for the November Election . . .

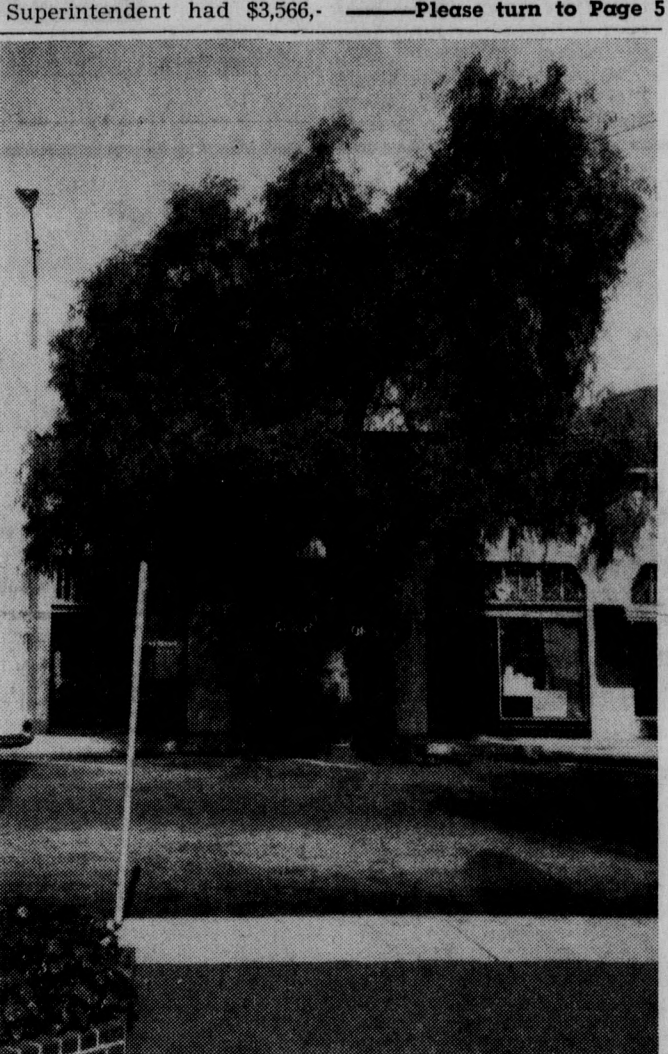

Although the June Primary is still some months away the politicians are doing everything in their power as early as possible . . . Our own Assemblyman this week filed his papers, and at the same time declared himself for Rockefeller . . . do hope he knows what he is doing . . . in my opinion he could have waited a few more weeks, but some candidates just cannot wait . . . yes, I know it's Spelt Rockefeller, but it does sound better this way.

Those cigars that Fidel Castro supposedly sent to Rockefeller, could either be the "kiss of death," or with the trend now in motion may be the slide that will send him out of the convention as a candidate . . . time will tell.

Anyway talking to John Curtis, you know the congenial man who always get the job done, from Sierra Madre Realateria . . . anyway John made this statement . . . "Senator Goldwater, like Churchill, is not a man who would sap his country of all its resources just to buy uncertain friendships and so-called respect." And this is something to think about these days.

Well, we now have Lisette open and doing business, and our heartiest congratulations go to Irwin and Lisette . . . we do hope they have all the beautiful friendly business relationships that are available in Sierra Madre. We were also quite successful in getting Josephine Curtis back into the Antique business, and into a new location . . . our wholehearted wishes also go to her.

PICTURER is the pepper tree that stands proudly in front of the News office on Kersting Court. Given to the City by Mrs. Ward Russell, the tree was planted March 3, 1939, lovingly cared for, the tree is now 25 years old, and adds beauty and comfort to our City.

## Pepper Tree Has 25th Anniversary

"I think that I shall never see a poem as lovely as a tree." These famous words written by Joyce Kilmer reflect the feelings of all of us, and have double meaning for Sierra Madreans and our "Pepper Trees."

The beautiful pepper tree that stands tall and proud in front of the News office on Kersting Court had her 25th anniversary March 3. This tree that has added so much beauty to the city, provided shade, comfort from the hot sun, and a convenient spot to stop and chat with old friends, was a gift to the City by Mrs. Jessie Ward Russell of Ward's Nursery, and was lovingly planted under the direction of Miss Thomasella Graham, who at that time was Chairman of Planting for the City Planning Commission.

This tiny little newcomer planted on March 3, 1939, is a female tree, and bears red berries. At the time of planting was almost 10 feet tall, and replaced "ole man pepper tree" which, because of age and ill effects, succumbed to the sharp axe.

Sierra Madreans were asked at the time of planting to cooperate in caring for this young, tender tree, and the results today are proof that they did, and with lots of TLC—tender, loving-care. So, happy anniversary, pepper tree. May you continue to grace our fair city for many generations to come.

## Social and Club Activities

### Mapha Club Celebrates Thirty Year Anniversary and First Reunion

On September 6, 1933, eight Pasadena Junior College girls got together at the home of Connie Elleson, now Connie Rose, to play a little bridge. The girls decided to form a little club that was to become the "Mapha Club."

One of those original members, Mrs. Robert Baugh of San Marino, is still a regular member.

Each year a few new girls from the San Gabriel Valley were "rushed" and invited to join the club. Many of the girls who joined in the first five years are still regular members. Among those who joined at that time are Mrs. Carlo Quintini, Mrs. James Nicholson, Mrs. Emilie K. Bolsot, Mrs. Carl Johnson, Mrs. Morrie Harper, Mrs. Alfred Switzer, who attends the monthly meetings in spite of the fact she has moved to Van Nuys, and Mrs. David Bixby.

Over the period of the past 30 years more than 80 girls have joined the Mapha Club. Some have stayed, some have moved away and some have dropped out for one reason or another, but through all of the years they have all remained friends. The membership always has been held to 30 and new members are invited in as vacancies occur.

The first reunion in the club's history will be held at the home of Mrs. James Nicholson, 1644 Wilson Ave., Arcadia, on Sunday, March 15, between the hours of 2 and 4. Invitations have been

## CRIB CROP

### New Arrivals in the Sierra Madre Area

Mr. and Mrs. Jack Aguilar of 198 E. Mira Monte Sierra Madre, proudly announced the birth of Jennifer Dee on Feb. 26. Their new little girl weighed 6 pounds, 12½ ounces, when she arrived at Huntington Memorial Hospital. The Aguilars also have two other children, Julie, 2, and Jay, 4 years old.

Jennifer's happy grandparents are Mr. and Mrs. Joaquin Aguilar of Los Angeles and Mr. and Mrs. Leonard Christesen of Lodi, Calif.

On Feb. 29, Michael Patrick was joyfully welcomed by Mr. and Mrs. Lawrence G. Smith of 1310 Rexford Ave., Pasadena. He was born at 6:42 a.m. at Huntington Memorial Hospital and weighed 6 pounds 8½ ounces.

Waiting to meet Michael at home were his older sister and two big brothers, Lynn 13, Gregg, 11, and Steven, who is 10.

When Master Jon William Walters arrived, weighing 8 pounds, 1 ounce, on Feb. 29, he not only made his parents, Mr. and Mrs. James Walters, very, very happy, but caused two important "firsts." Born at 11:38 a.m. he was the first Leap Year baby at St. Luke Hospital and he also was the first Leap Year baby ever delivered by their family doctor.

Mr. and Mrs. Walters, who live at 109 Sierra Pl., Sierra Madre, also are the parents

## THE SECRET INGREDIENT IN OUR FRIED CHICKEN...IS CHAS. EATON!

You may think our fried chicken is so delicious because it's dipped in seasoned rice flour before frying. You're right. But it's also because Chas. Eaton is a cantankerous, stubborn, old-fashioned owner who insists on quality in everything we do. He's absolutely impossible, but you should taste what a difference it makes in the food!

### MEMOS FROM YOUR Stylist

by LOLITA

Tinted, toned or bleached hair requires a few special attentions, notably the use of a mild, bland shampoo or one of the shampoos especially prepared for a specific type of coloring. Tinted hair must be shampooed in warm rather than hot water. Toned or bleached hair responds best to slightly cooler water. The hair may be towelled dry gently, or if a dryer is used, it is advisable to keep it at medium.

Tinted hair is known to become dry and brittle and this condition is nicely corrected through use of a light cream hair-dressing or conditioning treatment.

Ladies, if your hair hasn't quite the lovely effect you desire, this problem will be nicely corrected at PETITE BEAUTY SALON, 185 West Sierra Madre Blvd. Whether it be a permanent, a breath-taking new hair style, or a tint, you will be delighted with the magic results you can expect of the artistic operators and stylists at PETITE BEAUTY SALON. Just call EL 5-8041 for a personal appointment.

THIS WEEK'S HELPFUL HINT: The oil in grapefruit rinds softens the driest skin. After showering, rub the inside of a rind over the face and hands.

AMONG THE featured acts in the Eugene Field PTA show, "Hocus Focus" March 12, 13 and 14, will be (left to right), Mrs. Theodore Topits, Mrs. Robert Richter, Mrs. Ed Vail and Mrs. Ray Anderson. They will perform a Highland Reel, with choreography by Mrs. Peg Kendall.

### Shakespeare Club Presents Easter Season Program

Ricks is director of the Bible department.

The program at the noon luncheon will honor past presidents of Shakespeare Club. The Reverend David Held, pastor of First Congregational Church of Pasadena will give the invocation. Mrs. T. William Heidner, president, will preside.

Mrs. Earl L. Hadley, past president, will present a musical program by Miss Marguerite Housgasian, soprano and choral director of John Muir High School of Pasadena.

Past presidents to be honored are Mrs. Leo G. MacLaughlin, Mrs. Edwin F. Hahn, Mrs. Arthur J. Wingard, Mrs. Ernest W. Bysshe, Mrs. Harlan Updegraff, Mrs. F. L. S. Harman, and Mrs. Harvey G. Cattell. ### Wistaria Poets To Meet Mar. 14

The Wistaria Chapter of Poets are to meet this Saturday, the second Saturday of the month, at the usual 2 p.m., but at a different meeting place: At President Esther Webb's Sierra Madre home, 341 Auburn; and a home more conducive to the literary-minded, it would be hard to find.

Under discussion will be the forthcoming Adult and Senior and Junior High School Contests of the California Federation of Chaparral Poets and the deadline for entries (also open to free-lancers) fast approaching, April 1. The Chaparral Poets celebrate their 25th Anniversary this year and it should be an enriching experience, for it will be held in the Biltmore Hotel, from May 22 through the 24th. The banquet will top off the reading of the prize-winning poems, to be announced and read Saturday, May 23. More news can be received by attendance this Saturday.

The club points out that Sierra Madre should be proud of its Sierra Madre Library for the February display of the Wistaria poets, Fay Angus, David Bailey, Caroline Converse, Helen Frey, Ethel Meyers, Daisy McFarlane, Paula O. Ennis (von Braun), Esther Webb, Marjorie Wilt and May Wilt.

## Korean Orphans Aided by Ladies Auxiliary of VFW

The Ladies Auxiliary of  
the Harry L. Embree Post  
No. 3208 of the V.F.W., an-  
nounced a letter printed in  
Matt Weinstock's column  
requesting clothing, blan-  
kets and such articles for a  
small mixed-blood orphan-  
age in Korea. These chil-  
dren, ranging in age from 4  
years to 14, are outcasts in  
their own country because  
of their mixed blood, and  
their living conditions are  
the worst.

The Ladies Auxiliary sent  
a large box of used cloth-  
ing, blankets, to the A.P.O.  
number given and was re-  
warded by a very grateful  
letter of thanks written in  
both English and Korean  
from the orphanage.

Letters and reports were re-  
ceived and ordered filed,  
and the Council having  
completed a heavy session  
adjourned at 11:30.

able service this new insti-  
tution offered them, and it  
was just 16 years later, Oc-  
tober, 1955, that the Perlof  
found that their little store  
on Kersting Square would  
have to be enlarged, and  
suitable ground was pur-  
chased at 82 Sierra Madre  
Blvd. and a new, larger and  
more modern store was  
erected, where today thou-  
sands know that the foun-  
dation laid on the first ven-  
ture is stronger today than  
it was 25 years ago.

Congratulations are ten-  
dered to Sam and Annette,  
and to the sales staff that  
is the back bone of the or-  
ganization. Here you are  
greeted with the friendli-  
ness of top priority, though  
you are there only to buy a

Announces Sermon Topic

"The Gift of Life Is Yours" is the sermon topic of Dr. Ethel Barnhart at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, Sunday morning, March 15, at both the 9 o'clock Family Worship Service and the 11 o'clock Worship Service. Within each individual is the power to use the great God-given gift of life itself either to make a heaven or hell in which he lives. Understanding of the higher laws under which man may live opens the door to the "right-use" of the gift of life. For the convenience of the public, child care is provided at each service.

The 9 o'clock Family Worship Service includes Junior Church for children from kindergarten through eighth grade. The teaching is non-denominational.

A Sunday evening class for high school youth meets at 7 o'clock. Youth are being taught to meet their daily challenges with God as their partner.

The Santa Anita Church Day School is a public day school for children from kindergarten through sixth grade. The goal is to provide the child with not only the finest academic training, but also to provide him with the understanding and practice of the Christian laws of living that will make it possible for him to take his place in the New Age, living under spiritual law. Please call HI. 6-8206 for further information.

Spiritual help is offered day and night through our telephone ministry. Call Hillcrest 7-6162.

Bethany

Dr. David A. Hubbard, president of Fuller Seminary, will speak during the morning worship service at Bethany Church of Sierra Madre. The service, which begins at 11 a.m., will be conducted by the Rev. Hugh S. Bell, Jr., assistant minister at the church. Dr. Robert N. Schaper, pastor of the church, will be speaking at a family conference at Mt. Hermon Conference Center south of San Francisco during the weekend. His wife, Margaret, will accompany him on the trip. They will return Sunday evening.

Faith Lutheran To Observe Passion Sunday

Passion Sunday will be observed in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. In this worship assembly the Rev. Armin Hesse will speak on the theme "Without Holiness." The Junior Choir, directed by Edgar Plischke, will sing Crueger's "O Dearest Jesus." At 9:15, the Sunday school departments will study the mission topic "God at Work Through World Relief." During this hour the public examination of the eleven members of the Palm Sunday Junior Confirmation class will be held in the church sanctuary. The first-year pupils will also take part in this public review. In Wednesday's 7:30 p.m. Midweek Lenten service, the Rev. Martin Porath of Monrovia will speak on "Paul's Lenten Sermon in Thessalonica." The Senior Choir will sing "Round Me Falls the Night," Willan.

Fellowship Night At Local Church

The members and friends of the congregation at 1 Church will enjoy a Fellowship Supper together this Sunday night in Pritchard Hall. The supper, an old-fashioned pot-luck affair, will be followed by a special program for both adults and children. Rev. Marjorie Likins, minister of Christian education for the Southern Conference of the United Church of Christ, will be the speaker for the adults. She will present the new curriculum materials that will be used next fall in the church school, and will answer questions about the curriculum. At the same time, there will be a program of movies and games for the children, under the direction of the board of religious education.

The supper will begin at 5:30, with the program at 6:30. Everyone is invited to bring a hot-dish, and those with names beginning A to L are asked to bring salad; M to Z, dessert. Those who prefer not to bring their own food, can contribute 75 cents for the supper.

Rabbi Sofer Will Preach On 'Second Rosh Hashanah'

On Friday, March 13, at 8:15 p.m., Rabbi Martin Sofer of the Foothill Jewish Temple-Center, 212 N. Lima St., Sierra Madre, will preach to his congregation on the "Second Rosh Hashanah." Cantor Solomon Edelman will chant the liturgy and the eighth grade of the Temple Sunday School will actively participate in the services. Students will offer Hebrew prayers and special English readings from the prayer book.

The religious ceremonies will be preceded by the traditional blessing of the Sabbath candles, performed by Mrs. Gertrude Krieger and Mrs. Lillian Katz.

Education—Taxation

Kramer board in its last two sessions of fiscal 1962. It would appear that these year-end spending sprees might more than have paid for both summer school and bus transportation. On May 29, 1963, the Superintendent was "awarded" a new four-year contract by this same Kramer board of which three of its members were to be replaced by newly elected trustees on July 1st. This new contract was given even though the Superintendent's existing contract was only in its second year. This new contract was awarded just 15 days after the people of Monrovia had said "no" to an 82-cent tax override. The school board saw fit at this time to give the Superintendent a \$2,000-a-year increase in salary! It seems that old "Operation Brainwash" has merely changed its name to new "Operation Education."

Church Notes

On Sunday evening, Rev. Robert Campbell, associated with the European Bible Institute of Paris, France, will speak. He has been interim pastor of the Eagle Rock Baptist Church for some time and will soon be returning to the Continent to resume his duties.

The junior high girls Coronation Choir will provide the music for the worship service in the morning. Mrs. Betty Bush is the director of the group, with Mrs. Mary Schaper as accompanist.

The pastor and congregation at Bethany extend to the community a most cordial welcome to participate in the worship services of the church. Other services on Sunday include a fully-graded Sunday School at 9:30 a.m. and Sunday evening youth groups at 6. The congregation meets in the sanctuary located at 93 N. Baldwin in Sierra Madre.

Final Program In Lenten Series

The young people of Pilgrim Fellowship will present the drama, "The Terrible Meek," by Charles Rann Kennedy as the final program in the Lenten series at the Congregational Church next Wednesday night, March 18. The play is written for three voices, and intended to be presented in darkness. It is a drama of events at the foot of the cross, following the Crucifixion.

Ann Heasley, Tom Erbach and Ron Lindsay will play the three roles. The drama will be presented in Campbell Chapel at 7:30.

Lenten Services Continue At Bethany Lutheran

Rev. Niels Carlsen will preach at the 11 o'clock worship service on the theme, "The Tremendous Claims of Christ." The senior choir will sing a special anthem.

The Sunday school will meet at 9:30 a.m. with classes for all ages. An Adult Inquiry Class meets at 9:50. This class, taught by Pastor Carlsen, makes a thorough study of the doctrines of the Lutheran Church.

Anyone interested in looking into the teachings of the Lutheran Church is invited to attend this class.

On Wednesday evening, March 18, Rev. Carlsen will preach at the Mid-Week Lenten Vesper service on the theme, "Wounded Hands."

Mr. Jim Hall delighted members of the Senior Citizens Club on Saturday afternoon with his colored slides of "Wild Flowers of the Western States."

## Vella Views

Toni Maurin

You sure gotta hand it to the telephone company. All the time they are giving us the old subliminal education. Leafing through the book the other day, I noticed it was advertising that my code number is 213, and I should give this code to people in other code areas to use when they call me. Well, this threw me into an absolute tizzy, trying to find someone to tell so that they could call me.

Seriously, have you ever taken a little time off and leafed through the classified pages, both yellow and green? I never knew there were so many different and unusual businesses from bread slicing machines to bail bondsmen, from orchardists to tantulum (see alloys), from bankrupt stock to repairing a zipper. It is all in the classified pages of your telephone book, and whatever you do when you call, don't hang up too soon—just ring and ring and ring. Boy, have I been brain-washed!

The Huntington Memorial Clinic Auxiliary has reached the supreme goal in its benefit functions, the stage where they have complete sellouts. It is a unique combination that brings about this goal. They always have excellent programs and they have very enthusiastic members. This year was no exception. For their program they had the Kingston Trio at the Pasadena Civic Auditorium last Tuesday night. It was a good program and good cause—how could they miss?

Mr. and Mrs. Kenneth Christianson had a post-program "Nip and Bite" for the patrons they had invited to the show. Their guests were Mr. and Mrs. Jack Rayburn, Mr. and Mrs. Don Hays, Mr. and Mrs. Dominic Giangregorio, Mr. and Mrs. Ralph Gleim, Mr. and Mrs. Al Knickrehm, Mr. and Mrs. Bill Baugh, Mr. and Mrs. Al Dunn, Mr. and Mrs. Charles Hardison, Mr. and Mrs. Gerald Fahey and Mr. and Mrs. Jack McKenna.

Dr. and Mrs. Clete Dorsey and Mr. and Mrs. Don Eggleston joined their two groups together for a post-party at the Vosburg home of the Dorseys. Their group included Mr. and Mrs. Charles Goldworthy, Mr. and Mrs. Aikman Armstrong, Mr. and Mrs. Ernest Maurin and Mr. and Mrs. Joseph Phillipson, as well as Mr. and Mrs. Robert Boundy, Mr. and Mrs. Ben Swarts, Mr. and Mrs. Rodney Oteo, Mr. and Mrs. Frank Grace and Mr. and Mrs. Tom McCrory.

Mr. and Mrs. George Holmes had a family type party with a pre-show dinner. In their group were Mr. and Mrs. Tom Suttner, Mr. and Mrs. Dennis Hogan, Mr. and Mrs. Ira Lackey and their daughter, Jennifer, Mr. and Mrs. David Hoyt with Susan and Bryan, James Muir and their own son, Doug.

Mr. and Mrs. Ted Spence made their evening a family evening also by including Mr. and Mrs. Ralph Deems, Jr., and Mr. and Mrs. Ralph Deems, Sr. They had dinner "out" before the show.

When you have a birthday only every four years, it gives a good cause for a celebration. Mrs. Ira Lackey surprised her husband on the 29th of February with just such a party. While Ira was on the golf links she decorated the place and got the "fixins" together for a birthday dinner. At each place she had a clever little miniature to depict some humorous phase of each guest's life or personality. They all brought gag gifts to help celebrate the occasion.

The guests were Mr. and Mrs. Gordon Lange, Mr. and Mrs. Joseph Phelps, Mr. and Mrs. Robert Blair, Mr. and Mrs. Andrea Rappatoni, Mr. and Mrs. Tom Simovich and Mr. and Mrs. Charles Fischer.

The Kinneloa Canyon Club met last week at the home of Mrs. Robert Swain. From all reports I have heard on the meeting, the program was one of the most interesting they have had. Mrs. Leonard (Janet) Marangi, one of the members of the group, gave a silk screening demonstration. According to everyone, Janet has more than her fair share of talent.

The real stars of the meeting, and the happiest news I have heard in months, were the twin sons of Mr. and Mrs. Dean B. Clary. The Clarys were recently fortunate to choose Michael Dean and Stephen John as the newest members of their family. The boys, adorable brown eyed, blonde curly haired twins, will soon be a year old. They found when they came to live at the Clarys' home that in addition to a mother and father, they would have a sister, Deborah Jo, who will be 10 years old in June, and

### Wilson Jr. High Youth Club Meeting March 13

Friday, March 13, 7 to 9 p.m. will be another 7th Grade Youth Club meeting. The young people are enjoying these events very much. The Recreation Department and the parents who have been chaperoning these events should have a big "thank you" from everyone. This type of activity is something that was desperately needed by the youth in the community for many years.

Thursday, March 19, 8 p.m. there will be a PTA meeting in the "Little Theater" at Wilson Junior High. This meeting should prove most interesting to parents of Wilson students.

### Los Angeles WCTU Holds Publicity Meeting

Miss Dorothy Martin of Los Angeles will conduct a publicity conference in Trinity Methodist Church dining room, 12th and Flower sts., Los Angeles on Friday, March 13, from 1 to 2:30 p.m.

very happy about her new brothers. I join the entire Kinneloa Canyon in sharing the Clarys' joy.

Horror thought for the day—What will I do if my daughter wins the 12-foot room of "Beetle" wall paper? (Consult my Yellow Pages?)

## Bankrupt!

Our gold stock has been reduced from 23 billion 252 million dollars in January, 1953, to about 15.5 billion dollars at the present time. Meanwhile, valid foreign claims against our gold have risen from 10.5 billion dollars in 1953 to more than 27 billion dollars at the present time. If all of these claims were presented at the same time, we would be short nearly 12 billion dollars even though we used every penny of our gold. Some 12 billion dollars of our gold is legally required to back our own currency. If this be reserved, we would have only 3.5 billion dollars in gold against more than 27 billion dollars of foreign claims and could pay out at only about 12 cents on the dollar. In other words, in an international sense, we would be bankrupt.

But if we cannot pay the foreign claims on our gold, the dollar will immediately cease to be the medium of world trade, the fiscal systems of some other countries would collapse, because, a large part of their reserves are in dollars, our own markets would be gone, except for what little could be clumsily bartered, our factories would be largely idle, and unemployment would mount to gigantic proportions.

During the period 1945 to 1963, alone, we gave away well over 100 billion dollars — much of it to the sworn enemies of our country. It is this huge squandering of our wealth that has caused our present predicament. It has already reached crisis proportions and will grow steadily worse until it is stopped. Moreover, the above figure does not include substantial amounts of money sent abroad by a great variety of public and private relief organizations, including the Peace Corps.

Not in the darkest days of the Civil War did we have to humble ourselves as we are now doing to plead, with foreign nations not to present their claims against us and to make short term loans from them to meet some of the more pressing obligations. In other words, the very nations which we have helped to the extent of over 100 billion dollars are now in position to throw us into bankruptcy by demanding that we pay them. No part of the 100 billion dollars which we have given them can be used as a credit against the more than 27 billion dollars which we now owe them. In fact, we owe them this money because they have used a portion of the funds we gave them to build up their claims against us.

And so, the mightiest nation ever developed in the history of the world has been brought low because we have adopted and are still following the communist inspired policies for our destruction.

Senator Frank Lausche, Democrat of Ohio, is right in saying that we have no right to tell foreign nations what type of economy they should adopt, but we do have a right to withhold "foreign aid" from any nation which insists on establishing an economic system opposed to our philosophy of free enterprise and which strives constantly to destroy our type of economy and government.

## No Skeletons, Please!

When the Warren commission was formed to investigate the details of President Kennedy's assassination, the stated purpose was that the nation wanted the truth — not prolonged mysteries. We wanted to put at rest once and for all the speculations, the charges, the legends, that characterized the aftermath of Abraham Lincoln's assassination.

It is most disturbing, therefore, to have Chief Justice Warren himself announce that some of the testimony his commission is hearing "might not be released in our lifetime." The commission hears testimony in closed session, so the public must depend upon that body's own reports for information as to what has been disclosed.

As Representative Earl Wilson of Indiana has asked, "What's being hidden?" And how much? Why aren't we to be trusted with the facts?

Secrecy breeds suspicion, and the knowledge that people now living probably will never know the whole truth of the tragedy at Dallas can only serve to amplify the very doubts and speculations and wild rumors the commission was supposed to exorcise.

The American people want the truth. Skeletons do not make very prideful adornments for our nation's closets.

## A Peach In Every Patio?

The Rural Electrification Administration was organized during the post depression times as a means of speeding the modernization of the nation's farms. Its own work, but more especially, the magnificent achievements of the investor-owned electrical industry, have long since achieved that purpose. The REA today is a tax-eating anachronism, working assiduously to perpetuate itself under false pretenses and at public expense.

One of its pleas is that there still are areas not having electric power. And so there are. But consider the sensible answer of George C. McNutt, an Oakland taxpayer. Wrote Mr. McNutt to the Oakland Tribune recently:

"So a man elects to live in Plumas County or the remote areas of Monterey. Is that a valid reason why the federal government should loan money at ridiculously low interest to build a power line to his door? And don't forget, even without REA he needn't forego electricity. It's still possible to buy generator sets, and on time payment plans, too. Next thing we know some politician will decide all city folks should live in a rural atmosphere and we'll have an aid program to plant a peach tree in every yard, complete with beehives, yet."

Now there's a New Frontier for you, LBJ. Not just total war on poverty but Peaches in Every Patio, Bees for Every Bungalow. Absurd? As Mr. McNutt concludes, "not much more so than REA's contention that every rural resident should have electricity at city rates."

## FREEDOM

At Any Price

By H. V. Witty

An interesting possibility in extraneous perception occurred between November 26 and November 29, 1963. The midweek edition of the Communist newspaper, "The Worker," dated November 26, 1963, carried the following lines: "We believe that President Johnson on one hand and Congress on the other should act at once to appoint respective Extraordinary Investigation Commissions with full power to conduct a searching inquiry into all the circumstances around the assassination of the President and the murder of the suspect . . . Such an investigating committee, headed by the Chief Justice of the Supreme Court should be composed of citizens and experts who enjoy the confidence of the nation."

On November 29, just three days later, President Johnson announced the appointment of a "blue ribbon" presidential commission headed by Chief Justice Earl Warren to investigate the assassination of President Kennedy and the subsequent killing of his accused slayer. It is interesting to note that the liberally oriented Chief Justice made no attempt at the time to disqualify himself on the grounds of personal bias which he had clearly indicated by his published statement immediately following the assassination that "bigots had taken the life of the President."

The implication intended by this columnist is not one of collaboration between the Chief Executive and Communist desires, but rather that Chief Justice Earl Warren is obviously and completely acceptable to the Communist party within the United States!

Representative Hale Boggs, (D-La.), as a member of the Presidential Commission is "probing" the assassination of President Kennedy. A look into the background, affiliations and activities of this liberal Congressman has left many Americans with a feeling of deep concern. According to one such investigation into the past activities of the liberal representative, a Shreveport, Louisiana, newspaper uncovered evidence that Boggs, like Oswald, has a Communist front record.

Says "The Councilor": "No responsible newspaper reporter would accuse Congressman Boggs of being a card carrying Communist even though he has supported disarmament and surrender legislation, and is generally considered as a powerful voice in the left wing bloc in Congress." In 1936 . . . "the New Orleans Congressman (Hale Boggs) was head of the Communist-front 'American Student Union'."

"Only four years after he was leading student strikes at Tulane University and praising 'Reds' in college paper editorials, Boggs was elected to Congress. (Democratic primary 1940)."

" . . . At the time he affiliated with the 'American Student Union', it had already been exposed by the House Committee on Un-American Activities (75th Congress) as a Moscow function."

According to "The Councilor," "Boggs has been active in recent years in another sinister international group called the 'Interparliamentary Union.' Every year he gathers with like-minded

world government advocates in some distant corner of the earth, from Bangkok to Helsinki, to plot the surrender of National sovereignty."

"Continues the 'Councilor,' ' . . . In 1964 he (Boggs), doesn't give the clenched fist salute (as he gave on April 22, 1936 when he was head of the Communist-front 'American Student Union'); it has been replaced by a handclasp and a winsome smile."

"But the speeches and votes remind us of the Hale Boggs of 1936."

It has been widely reported that moments after the assassination of John F. Kennedy, Congressman Hale Boggs appeared before television and attempted to place the blame on the right-wing conservatives. His attack on anti-Communists was bitter, hateful and very similar to that voiced by Tass and Pravda, the official Soviet propaganda agencies.

"The Councilor" published these words in its issue of December 20, 1963: "The Councilor has indisputable evidence that Hale Boggs served 3 years, before entering Congress, as New Orleans Chairman of a communist front activity called 'The Peace Drive of the American Student Union.'"

It might be well to remember that Lee Oswald was New Orleans Chairman of another communist front activity called "The Fair Play for Cuba Committee."

It would appear to this columnist that placing Hale Boggs on any Commission to investigate Communist activity would be similar to placing a convicted arsonist in one's home to guard against fire or engaging the services of a known sex deviate as a baby sitter.

Perhaps this so-called Presidential "blue ribbon" commission headed by Chief Justice Warren may turn out to be a Presidential "pink ribbon" gimmick whose only purpose will be to withhold the truth so vital to the future freedom of Americans!

## Spring Harness Race Opening Set For March 12

Coming off a record fall meeting at Hollywood Park, Western Harness Racing Association swings into action for its 20-day spring season Thursday, March 12, at Santa Anita, just two days following the close of the flat racing meet there.

With a record high purse distribution of approximately \$500,000 for a spring season, Western Harness has attracted most of the top horses and drivers to the Santa Anita strip. Top races during the meeting will be the \$20,000 Californian Trot Wednesday, April 1 and the \$20,000 Californian Pace Saturday, April 4.

The trotting contingent will be headed by the giant French-bred speedster New Hat, owned by Ivone Grasetto of Padova, Italy. New Hat caught the fancy of Southern Californians last fall at Hollywood Park when he won the \$15,000 Preview Trot and just missed by a head catching Porterhouse in the \$50,000 American Trotting Classic.

New Hat's main objective at Santa Anita will be the Californian Trot and he will have the services of trainer-driver Joe O'Brien, while his chief competition will come from the highly-improved Hasti Jim, Express Rodney, Glidden Hanover, Filter and Natchez among others.

## Letters to the Editor

I may not believe in what the man says, but I will defend to my death his right to say it.—(similar words of Voltaire)

Dear Editor:

To criticize is an American tradition. To criticize is a right which should be cherished and recognized as a cornerstone of our freedom. We may criticize those who look forward or even those whom we accuse of looking backwards, but by all the rules of moral ethics we must criticize with respect for truthful, responsible presentation.

Mr. Picante's letter of March 5, contained a perfect illustration of brash criticism coupled with irresponsible presentation — a journalistic blockbuster filled with multi-syllabled words and little truth.

Says this critic of conservatism: "A Barry Goldwater who echoes the platitudes of the nineteenth century, or a Birch Society that smells of Nazism are both anachronistic in today's world." In other words, Picante says that a Barry Goldwater who solemnly makes worn out remarks as if they were fresh and important or a Birch Society that resembles Fascism are both out of place in today's world.

Let us consider Picante's statement in the light of Goldwater's remarks — Goldwater tells us in his book, "The Conscience of a Conservative": "Throughout history, government has proved to be the chief instrument for thwarting man's liberty. Government represents power in the hands of some men to control and regulate the lives of other men. And power, as Lord Acton said, corrupts men. Absolute power," he added, "corrupts absolutely."

In his announcement to seek the Republican Presidential nomination, Goldwater said: "As a general rule, one party has emphasized individual liberty and the other has favored the extension of government power. I am convinced that today a majority in the Republican party believes in the essential emphasis on individual liberty . . . I was once asked what kind of Republican I was. I replied that I was not a 'me-too' Republican."

When asked his opinion concerning the U.N., Goldwater replied: "I believe that the U.N. value is to be found as of today in the form of a debating society, for no one can prove that it is a peace making or peace keeping organization."

Concerning Cuba, Goldwater said: "I disagree with these cry babies . . . who say anything we do against Cuba will result in a nuclear holocaust . . . Russia is not going to risk losing her world empire over a tiny island in the Caribbean."

Do these remarks sound like inadequate cigar-store-Indian platitudes that are out of place in today's world?

The Birch Society's primary policy is to work toward less government and more individual responsibility, and that is the very opposite of Fascism. Right wing extremism carried to its ultimate would be anarchy or a state in which the individual is supreme and government is completely abolished. Fascism, Socialism, and Communism stand for a totalitarian state and the completely subjugated individual.

According to Webster, the term Fascism comes from the word "fascis," i.e. a bundle of switches or rods bound around an axe and symbolizing the eminent and absolute authority of the centralized government. So if Mr. Picante desires to combat Fascism, he had better start peering behind the misleading cloak of "Liberalism."

It would seem that Mr.

Picante's reasoning is definitely anachronistic! —BY GEORGE!

Dear Editor:

For the edification of Senator Picante, there are no truly conservative Americans, self-styled or otherwise, who have the desire to change our major political party labels. Thus, it is with a deep feeling of profound concern that I shall attempt to enlighten the liberally oriented Picante as to just who is attempting to change what and why.

I shall be the first to admit that I count among my most trusted friends, many conservatives who are guilty of harboring the thought that both political parties are infested with a breed of varmint known to Senator Picante as miembros de el establecimiento (members of the establishment).

These same friends whom Senator P. so piously describes as possessors "of the little mind that brags of its conservatism," have come to suspect these establishments — macrocephalics of something akin to treason. Even the Picante-labeled feeble mind of a conservative is capable of adding two plus two and coming out with four. This same conservative mind is also capable of recognizing Socialism's obvious plan to push us into a Marxist dominated world government, one which will be financed by the American taxpayers and controlled by Communist dominated countries.

We conservative "Poo bears of little brain" are attempting to enlighten Republicans as well as Democrats as to the threat posed by the existence in both parties of a liberal-socialist faction with ideals and goals co-existent with, if not identical to, the ideals and goals of Communism — not co-existent or identical with the principles of Americanism.

If this be a form of chicanery, then conservatism stands under the glaring light of guilt; but never shall the forces of the right admit to irresponsible charges that they are guilty of attempting to change party labels.

If party labels are ever changed, this change will be forced on the parties by the

YOUR . . .  
SIERRA MADRE  
. . . . POLICE REPORT

"Crime in the United States during the calendar year 1963 as measured by the Crime Index rose 10 per cent over 1962."

" . . . The suburban communities reported the sharpest increase, with a 13 per cent rise . . ."

"Experience has shown that nationally young persons under 18 years of age make up over half the arrests for burglary, larceny and auto theft."

These quotations are taken from the "Uniform Crime Reporting (1963 Preliminary Annual Release)", Federal Bureau of Investigation.

Unbelievable as it may seem, after an all time high in crime in 1962, we have again managed to "top" ourselves in 1963 by a 10 per cent increase.

You begin to wonder at what figure or at what point will society say, "This is outrageous, we must act now to reverse the deplorable situation."

Crime is a social disease and can only be controlled by an all out effort of society. The success of crime or the criminal depends on the amount of tolerance society develops. As long as apathy and indifference is "displace interest and action," criminality will continue to take its toll.

## Could This Help Sierra Madre

### \$15 Million In Storm Drain Bonds Ordered To Be Sold

Another \$15 million in 1958 storm drain bonds will be sold to help finance construction of the program through the fall of this year, Supervisor Frank G. Bonelli said today.

Acting on a recommendation by M. E. Salsbury, chief engineer of the County Flood Control District, the Board of Supervisors adopted a resolution authorizing sale of the bonds with bids to be opened April 7. Delivery is set for around May 12.

Bonelli, who is chairman of the board's Flood Control Committee, said this will be the eleventh sale of these bonds with \$140 million already having been purchased in previous sales.

The 1958 program calls for construction of 184 critically needed storm drains to be financed from the \$225 million bond issue. Voters ap-

proved the program in November, 1958, and construction of the first project got underway the following summer.

When completed, it will add nearly 500 miles of drainage facilities to the area's vast flood control network.

Supervisor Bonelli said the projects are designed by the cities where they are to be located and by County Engineer John A. Lambie for unincorporated territory.

They are constructed by private contractors under competitive bid procedures. Flood Control District personnel administer the contracts and handle operation and maintenance of the facilities upon completion.

The 1958 program supplements an earlier \$179 million undertaking with the objective of relieving critical ponding areas during heavy winter storms, Bonelli added.

### Peter Seemon, Former Resident, Passes Away

Peter Joseph Seemon, age 71, passed away March 3, in an Arcadia convalescent hospital. Mr. Seemon was originally from Minneapolis, Minnesota, and was a stereotyper for the Minneapolis News-Tribune there. Six years ago he moved to California, living in Sierra Madre the first two years. Four years ago he moved to 527 W. Foothill Blvd. in Arcadia.

Mr. Seemon is survived by his wife, Mary; two daughters, Mrs. Gloria Ticksman, of Hayward, Calif., and Mrs. Jane Davis, of Zionsville, Indiana; and one son, Mr. William J. Seemon, of Minneapolis. Also a stepdaughter, Mrs. Robert Depew, of Arcadia, and a stepson, Mr. Walter Penberth, of Covina. Mr. Seemon also had 20 grandchildren and two great grandchildren.

The Rosary was recited by Rev. Thomas J. O'Malley on Wednesday, March 4, at the Ripple Mortuary Chapel at 8 p.m. Requiem Mass and interment at the Resurrection Cemetery were in Minneapolis.

Arrangements were made by Ripple Mortuary of Sierra Madre.

### Bonelli To Support New Transit Bill

County Supervisor Frank G. Bonelli today won unanimous support of the Board of Supervisors in support of the Rees-Carrell Bill on rapid transit introduced in Sacramento this week.

"We should be on record along with the Los Angeles County Division of the League of California Cities in fully supporting the Rees-Carrell Bill creating the new Southern California Rapid Transit District, providing for the orderly takeover and abandonment of present Metropolitan Transit Authority," Bonelli asserted.

"Only the establishment of the S.C.R.T.D. can restore public confidence and provide the vehicle for a mass medium of Rapid Transit with broad Countywide participation and public support and acceptance.

"M.T.A.'s dying gasp in pouring good money down a rat hole proves conclusively the bad image that has been created, and no amount of lobbying or blowing of their own horn is going to restore public confidence. Nothing short of an entire 'new look' will enable us to accomplish our goal."

### La Salle Lancers Champions Again

The La Salle Lancers have attained the distinction of being named the Santa Fe League champion for the third straight year. Unlike past years, the 1964 champions reached the goal in undefeated style, marking down a 10-0 league record.

Not to be outdone by the varsity, the Bee team of La Salle also won its third straight Santa Fe League championship. Posting an identical 10-0 record in the league, the team also posted the best season record of any sport record. Three times during the season the Bee scoring record was broken, and the 96 points against Bishop Amat now stands as a mark for the future.

Tim MacDonough, John Keese, and Bob Harold all averaged 15 points or better in league play. MacDonough set the scoring record of 37 points in one contest while on his way to an even 20 point - per - game average.

Unable to repeat for the second time was the La Salle Cee team. The Cee's ended the year in second place with a 7-3 mark, one game behind the league co-champions, Saint Francis and Bishop Alemany.

Soon a new Art Shop will launch its career in our fair city and will be open and doing business . . . we still have a couple of vacant holes in our business district, but if not sooner the next new business to open shop may be the Bank of America, if one of the now vacant buildings are not filled and open ahead of their schedule.

—CT—  
All of us are extremely sorry to see the McKibbens leave the business world of Sierra Madre, but it is our thinking that they have given this move considerable thought and it was not done in haste . . . a well-earned rest is ordered for them, and we hope they partake of it in full.

—CT—  
Rumors have it, and we do mean at this time rumors, that soon a new furniture store may open in the McKibben building, maybe sometime in April or May . . . this size of building will not be vacant long in Sierra Madre you can bet on that.

—CT—  
We are still waiting for the Bank of America to light . . . keeps soaring around above us, taking a swoop here and there on Sierra Madre Blvd. It can't be much longer, as all of us anxiously await the news.

—CT—  
Isn't it just wonderful how offering Russia credit for wheat sales won its friendship . . . as witness their vote in the U.N. condemning U.S. 'aggression' in Panama?

—CT—  
Of course a lot of this political fanfare will soon take the back seat when the umpires will yell out "Play Ball" and that season is not too many weeks away . . . you kinda of sorta feel it in the air already . . . and won't it be fun, we can have the World Series ahead of the November election . . . this is sure going to be a fun year.

—CT—  
In closing the column for this week let us remind you of a sort of long expression, that should take a moment or two of good old honest thinking . . .

—CT—  
"Freedom is the universal choice of self-reliant men of goodwill who demand self-determination of their affairs and the right to participate in government on the basis of equality with other qualified citizens." After that I will be seeing you around, I hope, I hope, I hope.

# ROSE HILLS

## 50<sup>th</sup> anniversary

## A half-century of Service

The concept of complete and comforting service has guided the men and women of Rose Hills since 1914. At time of need, or for advice and counsel in advance, your family can rely on FIFTY YEARS of experience and integrity.

Today, Rose Hills is a leader in modern funeral methods, with cemetery, mortuary and all other facilities located at one place. There are many advantages: Time is saved; greater convenience is achieved; costs are cut. Most important of all, there is one center of service that can be depended upon for help with every detail...and so much more, costs no more.

For FIFTY YEARS the men and women of Rose Hills have adhered to these fundamental doctrines: Explain...be helpful...be considerate...practice

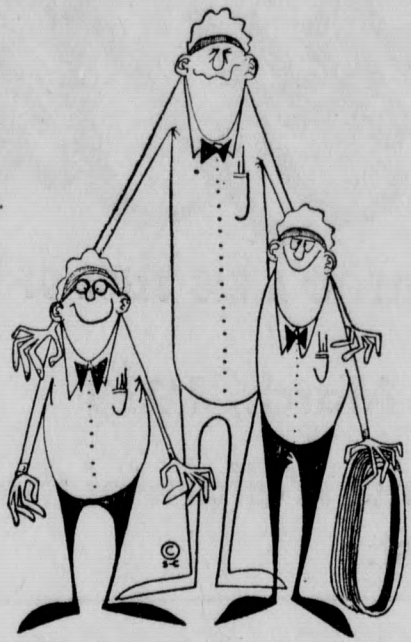

the Golden Rule. At time of need, Rose Hills provides every facility, every convenience, every comfort for family and friends.

From the little cemetery that started FIFTY YEARS ago to serve Whittier, Rose Hills has become the largest and most naturally beautiful Memorial Park in the world, serving all of Southern California. Service is the paramount reason for this progress—and the plans for the future of Rose Hills will continue to be based on this unalterable principle.

#### LITTLE THIS-N-THAT

WHEN HAS A HORSE been more aptly named than Mr. Consistency? The winner of the San Juan Capistrano last Saturday went by the grandstand the first time under an extremely tight hold by Ken Church, yet seemed to be so eager to run there appeared to be little doubt that Ann Peppers' standard-bearer would be an easy winner.

THE 15 LENGTH VICTORY by No Compromise last week brought to mind the time back in 1957 when Snow War under jockey Bill Skuse, dashed to a win by some 20 lengths, on a muddy track, the largest margin in Santa Anita history.

WOULDN'T STAN MUSIAL get a mess of votes if he ran for president?

FOR EXCITING BASKETBALL, plan to take in some of the action in the California State junior college tourney on tap this Thursday through Saturday. Watch for Jerry Tarkanian's Riverside Tigers to rule as favorites, if their great center, Bob Rule is able to play after recovering from an auto injury.

IT SEEMS LIKE ANCIENT HISTORY, but Cassius Clay was named "Fighter of the Year" in 1963 by Ring Magazine, who also called the Clay-Jones battle the best of the year. Perhaps it is Ring Magazine who is responsible for making the heavyweight division all powerful.

## Registration Places In Sierra Madre Announced

In accordance with our policy of providing useful information to the citizens of Los Angeles County, published below is a list of the Field Deputies where persons may register for coming elections. Most of these places are private residences, and the persons desiring to register will, in most cases, be able to do so during reasonable hours throughout the week, and on Saturdays and Sundays.

The registration of voters for coming elections is now in progress. The closing date for registration of voters is always the 54th day prior to the day of any particular election.

There are six classes of persons who should register or re-register for the election. They are: (1) Those who have changed their address since they last registered; (2) Those who have changed their names since they last registered; (3) Those who desire to change their political affiliation; (4) Those voters whose registrations were cancelled because they did not vote at the General Election in 1962; (5) Those who have become of age, and have not registered; (6) New residents of Los Angeles County who will have the required qualifications by the date of the election.

These qualifications are: (a) one year residence in the state; (b) ninety days residence in the county; (c) Twenty-one years of age; (d) A naturalized citizen must have been a citizen for at least ninety days prior to the date of the election, and must show his naturalization papers to the deputy, when registering for the first time; (e) All voters must be able to read the English language and sign their names.

Registration places in Sierra Madre are:

K. M. Seegmiller, 181 E. Grand View Ave.; Mrs. N. A. Seegmiller, 181 E. Grand View Ave.; Mrs. B. Thew, 70 Windsor Lane; Miss D. A. Thill, 55 W. Sierra Madre Blvd.; Mrs. L. M. Warfel, 55 W. Sierra Madre Blvd.; Mrs. M. S. Kay, 845 Canyon Crest Dr.; Mrs. H. A. Klein, 470 E. Grand View Ave.; Mrs. F. E. Stroup, 555 W. Highland Ave.; J. L. Rogers, 550 Oakdale Dr.; Mrs. S. J. Asher, 410 Gatewood Ter.

### Library Features Peterson Memorial Books

A special display of books purchased for the Sierra Madre Public Library in memory of Selmer E. Peterson will be featured in the library this week. Mrs. Florence Peterson, who resides at 657 W. Grand View, helped the librarians select books which would be especially appropriate in memory of her late husband. City librarian, Josephine Terry is pleased to report that around 50 friends of the Peterson family have given over \$200 to this memorial. Mrs. Peterson has been an active member of the Friends of the Library and has recently served as treasurer of the group.

The citizens of Sierra Madre are honored to have these memorial books in their public library. Here are a few of the books which have arrived thus far. The others will be listed later.

### SM Employees Plan Community Service Projects

The regular monthly meeting of the City of Sierra Madre Employees Association was held March 4. The program included guest speaker, City Councilman Ralph Rule. In speaking to the city employees, Mr. Rule gave an explanation and outline on the functions and duties the City Council has in the government of the city.

Also at this meeting the employees outlined a program of how they could, as city employees, be of better service to their community. It was decided by a majority vote to start a community service program. To get this program rolling, the employees voted to sponsor a benefit movie at the Sierra Madre Theater, all proceeds to be used to build and install bicycle racks in the business district of town. Posters will be displayed, giving the date, time and name of the picture to be shown.

The association is planning other such community service projects in the future months.

## County Assessor Post-audit Report

County Assessor Phil Watson today announced that \$55,431,870 in additional personal property assessments and \$187,447,030 in solvent credits had been added to the 1963 assessment roll through his first post-audit program.  
Speaking at a luncheon sponsored by the World and Local Government Committee of the Los Angeles Chamber of Commerce, Watson said his recheck of business personal property statements had brought in an additional \$5,000,000 in total tax collections at a cost of less than \$100,000.  
Watson said the post-audit program is operating on a year-round basis, but his "first-year" total was based on the fact that Monday, March 2, the lien date, was the cut-off day for placing additional, escaped or penal assessments on the 1963 roll. Any post-audit assessments made between now and the first Monday in March, 1965, will be placed on the 1964 roll.  
He said future post-audit collections might be less obviously dramatic since businesses now understood that the Department was seriously going after "under-reporting." "There already

has been a noticeable improvement in the quality of business statements," Watson said. "We anticipate the trend will continue."  
Turning to the long-standing problems with the data-processing and paper-flow operations within the department, Watson said the team of management consultants working with his own systems group had begun a full-scale attack on problem areas but warned that it might take several years to complete the task. Meantime, he said, errors might still occur.  
"Last year, for example, clerical errors in about 200 documents, out of the hundreds of thousands we process, caused duplications of over \$100,000,000," he said. "One minute error can create a major difference."  
Watson also called for legislation to limit total property taxation to a maximum 2% of market value, an end to the taxation of household furnishings, and tightening up exemptions granting tax relief to special interests.

Advances in pre-natal care, post-birth treatment and rehabilitation are being used in the battle against this mentalcrippler of children. Through continued research, the future holds promise for marginal independence for 25 out of every 30 mentally retarded children and young adults. A frightening affliction, yes... but mental retardation is coming out of the shadows!

**It Pays to Buy  
where you Live**

**M**ONEY we spend away from home does not help pay taxes in our community, and it's obvious that come next year somebody must make up the difference...

## Guess Who...

About one-third of every dollar we spend goes to help pay the **RUNNING** expenses — and the **GROWING** expenses — of some American community... **OUR** community, if we spend that dollar at home... **SOMEBODY ELSE'S** community, if we spend the dollar where **HE** lives.

When a dollar leaves home that could just as well **OR BETTER** have been spent here... the part of it that helps support the community goes along, too, of course. And our own community tax pot has less money in it.

But schools and roads and streets, churches and local charities, police and fire protection, ... all of the normal necessities and conveniences of community life... go on costing about the same.

So... with community expenses the same, and community income **LESS**... who makes up the difference? **WE DO**. You might say it's sort of like paying taxes **TWICE**... once for the other fellow... and then going down in our pockets to pay them again... for ourselves.

### Three National Merit Finalists

Richard Sepic, son of Mr. and Mrs. Vladamar Sepic of 252D Mariposa is among the three La Salle High School seniors named as finalists in the National Merit scholarship competition.

Winners of such scholarships are entitled to attend college anywhere in the United States. Original qualification is based upon

scores in national tests. Advancement from semi-finalist to finalists is based upon high school achievement, extra curricular activities in high school, and recommendation of the school. Finalists in the competition now submit further proof of merit and await the decision of the judges.

Other La Salle finalists are Peter J. Gettinger, son of Mr. and Mrs. Leonard Gettinger of Alhambra and Terry M. Mead, son of Mr. and Mrs. Thomas Mead of San Marino.

Also, Brother R. Emery, FSC, La Salle High School Dean of Studies, has announced that 20 La Salle High School seniors have been named semi-finalists in the competition for California State Scholarships.

Original qualification is based upon scores in the Scholastic Aptitude Test. Winners are allowed to attend colleges anywhere in the State of California on scholarship.

Seniors achieving semi-finalist rank were: Peter J. Gettinger, Joseph H. Marshall, Terry M. Mead, Peter R. Thomas, James A. Grivich, Richard J. Sepic, Ronald D. Rakich, Peter S. Tarbox, Stephen M. ### Thomas W. Thayer Now In Hawaii

Army PFC Thomas W. Thayer, 24, whose parents, Mr. and Mrs. Francis W. Thayer, live at 561 Elm St., Sierra Madre, and other members of the 25th Infantry's 25th Military Police Company, are participating in Exercise High Top II, a five-week field training maneuver in Hawaii. The exercise is scheduled to end March 6.

The men of the division moved from the Island of Oahu to the rugged lava beds of the volcano Mauna Loa, on the Island of Hawaii, for the live-fire and combined arms training exercises.

Thayer, a military policeman in the company at Schofield Barracks, Hawaii, entered the Army in April, 1963, completed basic training at Fort Ord, Calif., and arrived at the barracks last September.

The Boy Scout "family" of the Congregational Church has responded enthusiastically to a fund drive that serves a double purpose. In raising money to help the San Gabriel Valley Boy Scout Council, of which Sierra Madre is a part, purchase 400 acres high on the north side of Mt. San Jacinto, they also are establishing the Everett W. Carver Memorial.

The bronze star medal has been awarded to First Lt. Charles R. Gildart Jr., who is on duty in Korea, according to word received by his parents, Col. and Mrs. Gildart of 531 Elm.

Opportunity is what opens the door for you, but it takes hard work to stay on the inside!

Osti's Landscape Nursery, 320 W. Sierra Madre Blvd. is preparing to celebrate its fifth anniversary next week-end. A combination of hard work and the enthusiastic patronage of garden-loving Sierra Madreans has created a thriving business for Bob Osti.

Figures recently released by the Census Bureau reveal a significant shift in population from the East to West Coast. In the past four years New York state has lost one million people, while California has gained about the same number. But the West is still a political orphan. There are no Westerners in the President's cabinet or among the top war Administrators in Washington.

Directors of the Kiwanis Club have decided to lend immediate financial assistance to the Toy Loan Library sponsored by the Sierra Madre Junior Woman's Club. They also plan to include this institution as a beneficiary in future community fund campaigns.

An eight pound, fourteen ounce boy, Robert Lee, was born Saturday night to Corp. and Mrs. Robert Ward of 290 W. Highland Ave. Corp. Ward, on several weeks leave, returns to his base at Amarillo, Texas, Sunday evening.

### Answers to key questions about the investor-owned electric utility industry and the all-electric future

#### How does the USA compare with Russia in power?

Every way you measure it, America is well out front in the race for electric power. The production of electricity per person in the USA is more than three times that of the USSR. Looking far into the future, experts do not foresee Russia, with its government-operated system, ever catching up with USA.

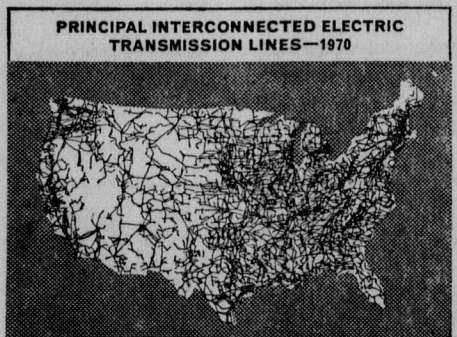

There is hardly anything in the history of industry to compare with the steady, orderly progress made over the past 80-odd years by the electric industry. This chart shows how we stand in electric power capacity compared to other nations.

#### How well is the USA served electrically by investor-owned utilities?

Virtually every community, farm and hamlet in USA is served with low-cost electricity by investor-owned utilities such as Southern California Edison. Their transmission lines crisscross the face of America, bearing the low-cost power needed for modern living today and in the bright, busy all-electric future.

Here's how America's principal electric transmission lines will cover the U.S. by 1970.

By 1970 the investor-owned electric companies expect to nearly double their present generating capacity. By 1980 this figure is expected to reach over three and one-half times today's total.

This growth is pretty staggering, even in a land where growth is taken for granted. But when it is remembered that this surging growth of low-cost electricity comes on a pay-its-own-way basis—with not a penny of tax support—it is doubly significant. It is, fortunately for us taxpayers, totally unnecessary for the government even to attempt or consider duplicating the service and facilities of the investor-owned utility companies of America.

For more details, send for your copy of "The Investor-Owned Electric Utility Industry." Write: The Advertising Department, Southern California Edison Company, P.O. Box 351, Los Angeles 53, Calif.

Southern California Edison

## Most powerful man in the world

In America, where by far the greatest amount of electricity is produced and used, the average worker is provided with electric power equal to the energy of 456 able-bodied men. With this at hand, he's the most powerful man in the world! No other system has ever come close to matching the record of the investor-owned electric companies of America. We have more electric power capacity than the next five countries combined—three times the capacity of the Soviet Union. They'll sure never bury us electrically! To see how companies like Southern California Edison put the punch in America's power, please read right.
